

Three Pillars

03. COMMUNITY

06 ACADEMIC EXCELLENCE

10 STUDENT WELFARE

Community

As the **Chair of AMSUN**, it is my goal to create a community in which each member feels appreciated and actively involved. Our activities will be welcoming to all, inclusive of all skill levels, and intended to enhance our experience with medical education:

- Inter-Level Clinical Skills Competitions:
 - These competitions, which are open to all students, will let them work in teams or against one another to complete clinical skills tasks. This promotes peer learning and fosters a feeling of unity among students at all levels.
- Medical Debates and Panel Discussions:

These events, which center on contemporary medical issues and ethical dilemmas, will bring together students, lecturers, and even outside experts. They will serve as a forum for critical thinking and intellectual conversation.

Community

- Research and Innovation Symposiums:
 AMSUN's research and innovation culture will be fostered by showcasing creative ideas and research projects from all levels of students.
- Healthcare Management Workshops:
 Providing an understanding of the managerial and administrative facets of healthcare, these workshops will equip students for the diverse responsibilities that exist in the medical industry.
- Community Health Initiatives: Putting on public health lectures, health camps, and awareness campaigns in local communities to promote volunteerism and hands-on learning.
- Wellness and Mental Health Seminars:
 Keeping in mind the demands of medical school,
 these seminars will emphasize stress reduction,
 self-care, and building a community of support at AMSUN.

Community

Career Fairs and Alumni Networking Events: These
events will link students with alumni and possible
employers in a range of medical areas, promoting
professional growth and providing networking
opportunities.

Academic Excellence

Streamlining systems for Academic Excellence

I understand the value dependable and effective administrative procedures in improving our academic experience as a candidate for AMSUN Chairperson. To guarantee smooth advancement for every student, I suggest the following measures:

Improving the Educational Experience with Effective Mechanisms

Peer-to-Peer Tutoring
 Program: This initiative fosters a culture of mentorship and cooperative learning by having senior students assist and mentor junior students.

Academic Excellence

Effective Academic Management:

- Timely Results Release: Setting up a guarantee system to exam results are made available as soon possible help can students organize their moves without next having to wait around for needless delays.
- Streamlined
 Internship Posting:
 Creating a system for internship postings that is transparent, timely, and clear will ensure that the application process is fair and efficient for all students.

Regular updates of
Continuous Assessment
Test (CAT) marks: Make
sure that CAT results are
updated and shared
frequently so that students
can receive continuous
feedback on their
academic development.

Effective Allocation of accommodation:

Streamlining the housing allocation procedure to guarantee that students have prompt access to housing while lowering anxiety and uncertainty.

Academic Excellence

- Timely Results Release: Setting up a system guarantee to exam results are made available as soon possible help can students organize their without next moves having to wait around for needless delays.
- Timely Results Release: Setting up a system guarantee to exam results are made available as soon possible help can students organize their without next moves having to wait around for needless delays.

Improved
 Communication
 Channels: Creating
 reliable tools for alerting
 students about deadlines,
 modifications, and
 opportunities in the
 academic program.

Digital Resource Hub:
Establishing an online portal
where students can obtain past
papers, study guides, and
other educational resources
will expedite the process of
acquiring study materials.

Feedback and Response System: Putting in place a system
that allows students to voice their concerns about academic
matters and make sure their concerns are taken seriously and
promptly handled.

 Academic Counseling Services: Providing career assistance and academic challenges-focused counseling, this service helps students make well-informed decisions about their educational and career trajectories.

Student Welfare

My dedication to the **general well-being** of our student body goes beyond academic achievement as a candidate for the **AMSUN Chairperson** position. Taking into account the many demands of our community, I suggest the following actions:

• Reliable Access to Essentials:

- Reasonably Priced and Nutritious Food
 Selections: Collaborating with food vendors and the campus cateringservices to offer students reasonably priced, nutritious food options.
- Improved Medical Facilities: Ensuring that students receive timely and dependable medical treatment by expanding access to healthcare services on campus.
- Improved Study Spaces: Making study spaces better and more suitable for extended study sessions by adding necessary amenities like fast internet and sufficient lighting.

Student Welfare

- Assistance for Needy Students:
 - Scholarship and Bursary Programs:
 Creating and growing programs that are specially designed to help students who are struggling financially.
 - Collaborations with Alumni and Local Businesses: Forming alliances to fundraise and offer financial aid, employment, or sponsorships to deserving students.
 - Second-Hand Book and Equipment Exchange: Creating a forum for the donation or exchange of used medical supplies and textbooks will increase accessibility to these necessities.

Student Welfare

• Mental Health and Counseling Services:

- Strengthened Counseling Services:
 Assigning qualified experts who comprehend the particular demands of medical school to strengthen mental health support services.
- Peer Support Groups: Organizing studentled support groups that provide a secure and encouraging space for them to discuss experiences and coping mechanisms.

Courses on Practical Life Skills:

- Financial Management Seminars:
 Providing courses on financial planning,
 budgeting, and scholarship applications to
 assist students in properly managing their funds.
- Life Skills Training: Conducting classes on vital life skills like stress reduction, effective coping, and time management.
